

Summer 2010 Graduate Program Housing Options

In an effort to provide a greater variety of housing options this summer, here is a list of choices for you to consider.*

- Illinois Institute of Technology State Street Village – single and double rooms with several meal plan options**
- State Street Village South Apartments on the IIT campus – two to four bedroom apartments – do your own cooking and invite your family to visit**
- Illinois College of Optometry – room only, no food available – single and double room suites with a shared bathroom (limited number)***
- Find your own apartment close to VanderCook through rent.com or Craig's list.

*Students are responsible for making their own housing arrangements. VanderCook cannot make housing reservations or payments for any student.

**Go to vandercook.iit.edu for IIT housing prices and reservations.

***For information about the ICO suites, please check our website at www.vandercook.edu/current/graduate.asp.
