

**Student ID Cards**

Student ID cards, issued by the Illinois Institute of Technology HawkCard office, will be waiting for you in the front office at VanderCook College when you arrive for classes. Please take your ID card to VanderCook's IT Director in room 106 for programming so you may swipe into the VanderCook building.

If you are a returning student, you may use the ID card you received last summer. However, you must have it reprogrammed to enter our building. If you have lost your ID card, go to the HawkCard office on the mezzanine in Hermann Hall to purchase a replacement. The replacement cost is \$15.00.

**Parking Permits**

Parking permits must be purchased in advance of your arrival to campus. Please go to the IIT website at <http://vandercook.iit.edu/> to purchase a parking permit.
