students work at their own pace from week to week. Progress is monitored by the instructor.

Attendance Policy

Weekly group lesson attendance is required – Monday evenings, 7pm central via Zoom.

Candidate Conduct

An important part of VanderCook’s Conceptual Framework and Candidate Dispositions and Outcomes is the focus on professionalism and character. Specific descriptors include participation as well as attendance, flexibility in the face of changing circumstances and institutional needs, the commitment to continual personal development, self-reflection and growth, respect for the academic community and the individuals and resources of that community, and behavior, speech and dress that is appropriate and respectful in the educational environment. Failure to observe standards of professional behavior may result in referral to the Standards Committee and/or the appropriate dean. Consistent concerns in this area will have an impact on successful completion of the program.

Health and Safety

VanderCook College of Music is committed to providing a safe and healthy environment for study and work. Basic information regarding the maintenance of health and safety within the contexts of practice, performance, teaching and listening is provided throughout the academic year. Health and safety information specific to this course will be addressed. It is the responsibility of each individual musician to take an active role in making informed decisions to help maintain their own health and safety.

Academic Honesty

Candidates are expected to maintain the highest standards of integrity in their academic work. Failure to do so will jeopardize a candidate’s success in the program. Examples of academic dishonesty include:

- Presenting another’s words, music, or concepts as your own by failing to acknowledge or properly cite the source.
- Communicating or receiving answers or information to/from another in a testing situation.
- Consulting notes or any other source of answers/information in a testing situation, unless the instructor authorizes such access.
GRADUATE SYLLABUS

- Making available or accessing tests or quizzes from current or previous classes unless explicitly authorized by the instructor.
- Bringing, by any means, answers or information into a testing situation except as explicitly authorized by the instructor.
- Collaborating or turning in jointly produced work on any test or assignment that is intended to reflect individual effort.

Plagiarism

Plagiarism means taking someone else's words, ideas, data or work and presenting them as your own. This could mean an exact duplication of someone else’s work without proper citation of the source, or it could mean you present it with only small changes and do not cite the source. Plagiarism can occur in art, music, literature, or technology – really in any area of intellectual work.

All work submitted should be properly credited to the original source of the information or idea whether the source is a book, Internet site, article, or any other medium. In written work, quotation marks or block indentations show direct quotations and the source must be cited. If information that is not common knowledge is paraphrased or summarized from a source, that source (including websites) must be cited. Failure to do so in academic assignments represents cheating and carries the appropriate penalties.

Copyright compliance is the goal of VanderCook College. Information to help with clarification of what constitutes fair use of copyrighted material, including photocopying, is on permanent reserve in the Ruppel Library.

No candidate should expect to receive a passing grade on any test or assignment that reflects dishonesty or academic irregularity. Cheating in any form may result in failure of the class and academic expulsion.

Disability Statement

If a student has a disability which might interfere with that student's ability to function in this course it is the responsibility of that student to notify the instructor at the beginning of the course.
