Emergency Exit

Evacuation Plan:
Areas in blue will exit the building using fire exit A located in room 100.
Areas in orange will exit the building using fire exit B located in room 130.
Areas in green will exit the building using the front door.

Floor Monitors are designated on each floor to their assigned section of the building. In addition, an elevator monitor is stationed by the elevator to direct people to staircases and an assigned building monitor is monitoring the situation and reporting to IIT Public Safety.

All evacuated areas will proceed to the meeting station located directly across from the building in Morton

3125 South Federal Street
